

Corrections to draft5

1.1 Change in two places (Page 240, Syntax box 17-15, Section 17.11), (Page 471, Annex A.2.10)

```
property_spec ::=  
    [clocking_event ] [ disable iff ( expression_or_dist ) ] property_expr
```

1.2 Page 242, Section 17.11

A **disable iff** clause can be attached to a *property_expr* to yield a *property_spec*

```
disable iff (expression_or_dist) property_expr
```
